FEDERAL OFFICIALS NOW HAVE CHARGE

Money Is Being Raised to Push the Work of Sanitation.

VIGOROUS FIGHT WILL BE MADE

New Orleans Officials Turn the Situation Over to the Government Health Officers, Who Believe They Can Whip Yellow Jack.

New Orleans, La., August 8.—Up to noon today there had been four new cases and three deaths from Yellow fever.

New Orleans, August 8.—Though without official orders ordering him to resume charge, Dr. White is preparing to take control of the fever situation during the day. Early today he visited the state board of health and subsequently the city board of health and talked over with President Kohnke and Mr. Souchon the details of the work under the federal supervision. Dr. White will have the city board of health continue to receive the reports of new cases and deaths, under his direction, until a staff has been organized by the marine hospital service. Dr. White notified Sheriff Marraro, of Jefferson parish, that he would include Jefferson parish in New Orleans for the purposes of his work here. Jefferson parish lies partly on the opposite bank of the river and partly above New Orleans on the city side, and is in constant communication with New Orleans.

There have been a number of deaths and all of the sickness is traceable to New Orleans. Another death occurred in Jefferson today. It was of an Italian who had gone from New Orleans to the Bell plantation.

Two deaths occurred early today in the Emergency hospital. Both were Italians. In yesterday's list of 28 cases, only six of the names were other than Italians.

Government in Full Charge.

New Orleans, August 8.—With $70,000 immediately in hand, resulting from a Bradstreet assessment on the citizens of New Orleans, no difficulties whatever stand in the way of the immediate inauguration of federal control of the fever situation. Dr. White estimated the total expenses for eradication at $1,500 to $2,000 per day or from $180,000 to $240,000 for four months, which would carry the campaign into December by which time frost may be expected. There is, therefore, available enough money to go forward with the federal plans at high pressure for a month or six weeks, and long before that time it is assured by Mayor Behrman and Chairman Janvier, of the citizens' committee, that the total of a quarter of million asked by the government will be in hand. If complete success crowns the work of the marine hospital bureau, it is possible that the fever will be completely under control by the 15th of September without requiring the expenditure of the maximum figure which is asked from the city to stamp out the disease.

August has always been regarded as one of the worst months in an epidemic and the comparatively small number of fatalities thus far this month in comparison with other years, gives great encouragement to the authorities.

Every authority wanted by the federal bureau is assured. Adequate police power will be given the marine hospital surgeons to aid them in their scientific work. Dr. White has made an examination of the municipal laws, including the mosquito ordinance, and declares they are sufficient for his purposes. Chairman Janvier, of the citizens committee will put his force at the disposal of Dr. White and will disburse the general fund under the direction of Dr. White. Engines of the fire deparment are to be made available in flushing and other cleaning work that may be demanded. Local politics is to cut no figure whatever in the situation, and the government is to have full authority to hire and discharge whomsoever it pleases. Efforts are to be made to assist it in getting the most reliable labor available.

Eight Hundred Men at Work.

Eight hundred men started in today on the general cleaning movement and this force will be largely added tomorrow and on Wednesday there is to be a general suspension of business for cleaning purpposes. Vigorous sanitary and preventative measures are under way in the old-infected region and fire engines and steam disinfecting plants are being used in a ruthless raid against the mosquito. The fact that there was slight fall in the number of new cases, no increase in the number of deaths and a marked dimunition in the number of new foci within the preceding 24 hours, has had a marked effect on the spirits of the community, and confidence is growing that with the repressive measures now being instituted, there is little probability of a serious epidemic. The records of preceding epidemics justify that expectation.

City Suffering Financially.

New York, August 8.—According to Brigadier General Arsene Perriliatt, chief of ordnance of Louisiana, it will be five days before New Orleans will face a crisis in the yellow fever situation. General Perriallat arrived here from the south last night.

"New Orleans is suffering more from commercial anxiety," said he, "but residents feel that the health officials and the various committees, aided by the federal authorities, will cope with the fever. In the meantime busintss in that section of the state is still at a standsill.

"Unfair discrimination is being made against Louisiana by other states, and her commercial interests are suffering in consequence.

"The city is opposed to the parishes and the parishes are arrayed against each other with the 'shotgun quarantines.' The mosquito which carries the disease breeds in clean stagnant water. New York is safe, I am sure. By this time New Orleans is protected.

"The exodus from New Orleans is a little more than usual at this time of the year. While commercial interests are paralyzed now, I think that the situation will clear within two weeks. We will stamp out the disease."

Released from Quarantine.

Mobile, Ala., August 8.—The steamer Colombia which was sent from Fort Morgan to Ship Island some days ago with fever among the crew returned to Mobile yesterday after spending the required detention at the government station.

The vessel was in charge of the mate, Captain Hertzbery and six of the crew having been left at Ship island. Two of the men are down with malarial fever, and the captain and five others are aripdly convalescing of yellow fever. When the steamer left Ship island all the patients at that place were on the road to recovery.

Situation in Mississippi.

Jackson, Miss., August 8.—The secretary of the state board of health states today that the report of a case of yellow fever at Silver Creek, Lawrence county, is wholly without foundation. No new points of infection are reported from any point of the state, but quarantines are being rigidly maintained

Rigid Quarantine at Memphis.

Memphis, Tenn., August 8.—The rigid quarantine decided on by the city council Saturday night, was put in operation at noon today. Armed guards were placed about the city, and inspectors are on every train. No one can enter the city without a permit from the Memphis board of health

Union Farmers Hold Meeting.

Columbus, Ga., August 8.—Between 500 and 1,000 farmers of Muscogee, Harris and Chattahoochee counties held a meeting Saturday at Flat Rock under the auspices of the Flat Rock local of the Farmer's Educational and Co-operative Union of America. Addresses were made by W. E. Berry, of Columbus, as organizer for the union; Hon. T. H. Kimbrough, of Harris county, and professor B. K. Scott, of this county. A big Georgia barbecue was served. Farmers in this section are becoming "unionized" rapidly.

HEAVY FOG CAUSE OF POSTPONEMENT

Peace Envoys Were Delayed a Day At Newport, R. I.

M. WITTE PAYS BOSTON A VISIT

There Was Great Disappointment at Portsmouth Over the Delay of the Vessels Bearing Peace Commissioners—City In Holiday Attire.

Portsmouth, N. H., August 8.—There was great disappointment in this city over the delay in the arrival of the Russian and Japanese peace envoys. Although notice was promptly given yesterday by Rear Admiral Meade, of the Portsmouth navy yard, upon learning that the United States warships bearing the representatives of Japan and Russia has been delayed by fog at Newport, the news of the postponement of the function had not reached many of the citizens of Portsmouth and its environs. Consequently this section of New Hampshire is astir early and by 8 o'clock every electric line from the country was bringing many sightseers. When the fact of the postponement became generally known, many expressions of disappointment, but later the crowd decided to have a holiday anyway.

The postponements of the functions necessitated orders to the state troops who were to arrive here from all parts of the state.

Governor McLane was up at daylight dictating telegraphic orders to the state troops to remain away until tomorrow. Information was also dispatched to the congressional delegation of the state, the members of which had been invited to participate. During the forenoon Governor McLane received a telegram from Third Assistant Secretary Pierce at Newport stating that on account of fog last night the Mayflower and Dolphin, and the Galveston, their convoy, would not arrive until Tuesday morning and the proposed reception should be postponed 24 hours without any change in the program already arranged. A formal notice was thereupon issued to that effect.

Minister Witte In Boston.

Boston, August 8.—M. Witte, the Senior Russian plenipotentiary to the peace conference at Portsmouth, who left the cruiser Mayflower at Newport yesterday was still at his apartments at the Hotel Touraine, in this city, early today.

M. Witte did not leave his room until nearly 9 o'clock. During breakfast the distinguished Russian and his associate, Mr. Wilenkin, decided to take an automobile ride about the city and orders were accordingly given for a car to be placed at the disposal of the Russians. After breakfast Mr. Wilenkin stated as the delay to the squadron bearing the other plenipotentiaries would defer their reaching Portsmouth probably until Tuesday morning, Mr. Witte had decided to seize the opportunity offered by a day's postponement of the conference to see more of the historic points in Boston and Cambridge. He was particularly anxious Mr. Wilenkin said, to visit Harvard university and Bunker Hill monument, and also, if possible, Magnolia, the north shore resort where Baron Rosen, the Russian ambassador to the United States and colleague of M. Witte, as peace plenipotentiary, has been staying. A tentative plan has been made therefor, providing for the auto tour of Boston's Cambridge this afternoon and for a trip to Magnolia after luncheon, returning to Boston in time to take an evening train for Portsmouth which is but two hours' ride by express from this city.

Yachts Leave Newport Harbor

Newport, R. I., August 8.—The yachts Dolphin and Mayflower, with their convoys, bearing the Russian and Japanese commissioners to Portsmouth, sailed from this harbor at 8 a. m., with the exception of Mr. Witte, who left for Boston by special train last night, the members of the Russian and Japanese parties were on board their respective vessels. The fog which hung heavily over the Long Island sound yesterday and which made necessary the stop at this poct, was dispelled by the sun this morning and the conditions were ideal for continuing the voyage to Portsmouth.

CAPT. EVAN P. HOWELL DEAD.

Well Known Georgian and Prominent Newspaper Man Passes Away.

Atlanta, August 8.—Captain Evan P. Howell died Sunday afternoon at 12:22 o'clock at his residence in West End.

Captain Howell was for years Managing editor of The Atlanta Constitution. He was connected with that paper with the late Henry Grady. He was mayor of Atlanta, 1903-1904. He had served several terms in the Georgia legislature. He was a gallant Confederate soldier.

The end came calmly and peacefully. The sleep into which he sank late Saturday afternoon was unbroken to the end. Occasionally it appeared that he would regain consciousness, and he would speak a few words, only to fall asleep again.

During the late morning his breathing became more and more subdued, and at noon members of his family realized that the end was only a few minutes away. His death at 12:22 o'clock was scarcely perceptible. Without a struggle and without a movement life passed from him. A moment life lapsed before it was realized that he was dead.

His funeral will take place Tuesday morning at 10 o'clock, at the residence. The interement will be in Westview cemetery.

Captain Howell is survived by his wife, Mrs. Julia E. Howell, and seven children—Hon. Clark Howell, Jr., Hon. Albert Howell, Jr., Mrs. Robert L. Foreman, Mrs. Ida Cramer, Miss Rosalie Howell, Mrs. Byron Bower and Evan P. Howell, Jr. His brothers are Colonel Albert Howell, Sr., Charles A. Howell and Clark Howell, Sr. His sisters are Mrs. Nathan Lyon and Mrs. Park Woodward.

Priceless Collection of Antiques.

San Francisco, August 8.—The Examiner says that Thomas Welton Stanford, of Melbourne, brother of the late Senator Stanford, has offered to donate to Stanford University an almost priceless collection of antiques, which he says were collected for him from Egyptian tombs by the Astral body of a blacksmith mystic, who took but 20 seconds for the round trip from Egypt to Australia. The name of the blacksmith medium or mahatma is C. Bailey, and it is said that some of the leading scientists of the world believe in his work as communer with the inhabitants of the astral world and his ability to perform seeming miracles. Dr. Jordan, however, has made it clear that this collection, the list of which includes many articles of great value as antiquities will not be accepted, basing his objection on the openly avowed method of it scollecting.

Narrow Escape from Death.

New York, August 8.—Paul Morton, president of the Equitable Life Assurance Society, and Mrs. Morton had a narrow escape from serious injury when their automobile ran into an Eighth avenue car at Twenty-fourth street. Mr. and Mrs. Morton were on their way across town with two friends, whom they had met at the Pennsylvania railroad depot, when, in attempting to avoid a southbound car, the wheels slipped, and the machine struck the car a glancing blow. The conductor was thrown from the platform and slightly hurt, and the automobile was temporarily disabled, but not further damage was done.

Mute Child Burns to Death.

Atlanta, August 8.—With her clothing on fire and the flames leaping about her body and into her face, Millie Silverman, the 9-year-old daughter of Isaac Silverman, of 147 Piedmont avenue, stood on her front porch Sunday evening at twilight unable to cry out for help because she was a mute. Her uncle discovered her and took her up in his arms, and did not seem to care for the flames. His face and hands were badly burned. The child had inhaled the fire and her internal injuries caused her death.

PRESIDENT VISITED BY SECRETARY SHAW

They Confer About Matters of Vital Importance.

DISCUSS THE FEVER SITUATION

Surgeon General Wyman Receives a Telegram from Surgeon White Who Has Charge of the Marine Hospital Corps in New Orleans.

Oyster Bay, L. I., August 8.—Secretary Shaw came to Oyster Bay today to see the president about a matter personal to the president and himself.

While here he embraced the opportunity to take up the three questions that are pending in the treasury department. His visit he said was of no public significance or importance. The secretary remained with the president about an hour before leaving Sagamore Hill in time to catch the 12:20 train for New York. He expects to return directly to Washington.

Secretary Shaw said that the federal government having assumed control of the yellow fever situation in New Orleans, no efforts would be left unmade to stamp out the epidemic. He had had several conferences with Surgeon General Wyman, of the public health and marine hospital service, whose bureau is under the direction of the treasury department.

The secretary will go to Richmond, Va., tomorrow to deliver a speech at the opening of the Republican state convention. The president was also keeping in close touch with the yellow fever situation today receiving the following telegram from Surgeon General Wyman:

"Mayor Behrman and other members of the citizens' committee of New Orleans have received assurances of funds necessary to pay expenses, labor and material. Have wired Surgeon White to take charge immediately and have ordered a large additional force of commissioned officers who have had special experience in epidemic work. The service assumes its responsibilities for the work with feeling of confidence.

MONTHLY SESSION OF CITY FATHERS

Assessment on Several Pieces of Property Was Reduced.

WILL REMOVE OBSTRUCTIONS

Body Passed a Resolution Directing That Chairman of Street Committee Clean Certain Streets in Accordance With Ordinance—Other Business.

The City Council met in regular monthly session Monday evening, there being present Aldermen Benson, Cushman, Hodges, O'Neill, Taylor and Wittstock, and Clerk Dell.

In the absence of President Broome, Alderman Cushman was elected chairman pro tem.

The minutes of the previous meeting were read and approved, after which council settled down to business.

Alderman Taylor moved that an assessment be levied upon the gas plant of $5,000 and the electric light plant of $10,000, which was carried without opposition.

Upon motion of Alderman Hodges the assessment on the property of Mrs. M. E. Hale was reduced to $800.

The Joseph lot, owned by J. P. Bauknight, was raised on the assessment book from $2,500 to $3,500. Alderman Wittstock thought it a little too steep and made a motion that it be again reduced to its original assessed value. This motion did not meet the approval of a majority of the council, being voted favorably upon by only two members, hence was lost. Alderman Taylor then substituted a motion that the assessment be reduced to $3,000, which was carried.

Alderman O'Neill moved that the assessment upon certain property of Mrs. E. A. Clapp be reduced to $4,000, which was carried.

Some of the city funds being low, Alderman Taylor remedied this deficiency by making a motion to the effect that $355 30 be transferred from the fine and costs fund to the various funds as follows: To the officers' fund, $115; to special light fund, $189; to sanitary fund, $51.30.

The matter of purchase of the street roller was brought up for disposition and a motion by Alderman Hodges prevailed authorizing the president to sign contract with the Springfield Road Roller Company on the part of the city.

The question of continuing the sanitary work was discussed. The aldermen believed this advisable, and upon motion of Alderman Taylor it was ordered that the work be continued by Acting Marshal Warren for the next thirty days.

Alderman O'Neill, who is also chief of the fire department, stated that the two hose wagons of the department were in need of overhauling and repainting, and upon motion of Alderman Wittstock the Chief was authorized to have this work done.

There was some complaint about the fences, houses and other obstructions on certain streets, caused by encroachment upon public property, which resulted in the passage of the following resolution:

"Resolved, That the chairman of the street committee be and is hereby instructed and directed to remove, or cause to be removed, the following encroachments or obstructions from off the following streets, as provided by ordinances of said city, to-wit:

"1. The fences and buildings, or other encroachments or obstructions, on Lassiter street, on the south side thereof, from its intersection with East Main to its intersection with West Main street.

"That the chairman of said street committee be empowered to employ a competent surveyor to establish street lines along said streets, if said chairman deems it necessary."

There being no further business the council took a recess until Tuesday night, when a number of ordinances were presented for action and a few other matters were disposed of.

ELKS A SURE THING.

Lodge Will be Instituted in This City Within Next Two Weeks.

A lodge of the Benevolent Protective Order of Elks is now an assured thing, as the charter has been voted upon by Lake City Lodge, has been accepted and forwarded to the Supreme Lodge for approval.

District Deputy Grand Exalted Ruler Burbridge of Jacksonville has written L. C. Lynch stating that a dispensation had been granted for the institution of Gainesville Lodge No. 990, and as soon as he receives the necessary papers and instructions from the grand secretary, the date will be set for institution.

This will be encouraging news to the eighty aspirants who have been working with an effort to establish a lodge here and who have been waiting a little impatiently for action. They are under obligations to their propective brothers of Lake City Lodge for their favorable recommendation. The supreme laws of the Elks provide that when a new lodge is to be instituted the lodge as a whole is to be voted upon for acceptance by the nearest lodge to the city where the new lodge is sought to be instituted. In this instance the lot fell to the Elk lodge at Lake City.

Mr. Lynch states that the lodge will certainly be instituted within the next two weeks and a delegation from the Jacksonville lodge will probably confer the work.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Kill Eleven Thousand Birds.

Wilmington, N. C., August 8.—The citizens of Wrightsville sound and Dr. Ed Barnes, of Tarboro, who is spending the summer there, were arraigned before justices of the Peace George Harris and C. W. Westbrook, Saturday afternoon, on a charge of violating the game laws of the state by the wholesale shooting of field martins which had literally taken possession of the grove in front of Captain John H. Hanby's Ocean View hotel and cottage property at that resort. The indictment was brought by County Game Warden Freeman and each of the defendants submitted and were fined $5 and costs. The fines were afterwards remitted at the suggestion of the game warden, who confessed that the martins had collected in such unusually large numbers as to do damage to the grove and make themselves a nuisance in front of the hotel property. It is estimated that over 11,000 birds were killed in one day.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. A BIG VICTORY FOR BOND ISSUE

Only Three Votes Cast Against Bonding Tuesday.

WAS A TREMENDOUS VICTORY

Two Hundred and Sixty-Three Piled Up in Favor of Borrowing $50,000 for the Purpose of Encouraging Education—Gainesville People Jubilant.

Gainesville has won another great victory in voting for bonds for educational purposes.

Notwithstanding the fact that a part of the time a blinding rainstorm prevailed and almost the entire day was inclement, the people showed their interest by turning out fairly well, with the result that the victory was a pointed one and tended to show how the voters stood on the question of bonding for education.

There were two hundred and seventy-seven votes cast, and of this number only three were cast against the bonds. Two hundred and sixty-three were cast for bonds, three against bonds, and eleven, all in favor of bonds, were thrown out owing to improper marking, the cross having been made on the wrong side.

The people of Gainesville are jubilant over this victory, as well as they might be, for it may be termed unanimous.

The election provides for $50,000 bonds, the funds to be used for educational purposes.

BELL BREVITIES.

Prosperous School—Cotton Notes. Personal Business Paragraphs.

Bell, Fla. Aug. 8.—The weather continues to be warm and sultry.

R. Lancaster, one of our prosperous merchants, left town yesterday en route for Gainesville and other points on business.

Mrs. R. F. Lewis has again returned home after a two weeks' visit to see her sick mother, Mrs. Shaw, at Alachua.

Messrs. W. A. Lindsey and R. M. Parkinson of Jennings Lake were in town yesterday on business.

The farmers of this section are again busy the fleecy staple having attracted their attention with its snowy looks.

The first seed cotton of the season was marketed at Bell about one week ago at the price of four cents per pound and was purchased by J. A. Ward.

S. D. Barron, our generous ginner, is enlarging his ginnery for the purpose of accommodating his patrons the coming season.

The public school at Bell is now enjoying one of its most prosperous terms under the supervision of Prof. J. C. Adkins as principal, and Miss Belle Lindsey as assistant.

The regular meeting of Suwannee Lodge No. 82, I. O. O. F., last Saturday evening, was a very interesting meeting, nearly the full roll of members being present.

The home of Mr. and Mrs. W. J. T. Hodge of Bell was visited last Wednesday evening by an eight-pound son. Mother and son are doing well, while grandpa W. E. is constantly seen on the streets with a big smile on his face.

The Seaboard Air Line Railway announces exceptionally low excursion rates for the annual excursion to the mountains of Carolina, the seashore of Virginia and to Washington, D. C., Wednesday, August 16th.

The round-trip rate from Jacksonville to Lincolnton, Marion and Rutherfordton, S. C., is $13, with corresponding rates to other western North Carolina resorts. To Wrightsville Beach the Seaboard will also sell round-trip tickets at rate of $12.

To the Virginia coast resorts, Ocean View, Old Point Comfort and Virginia Beach, rate will be $15.50 for the round-trip. The rate to Old Point Comfort will apply via Portsmouth, or via Richmond.

The Seaboard has also arranged to sell tickets from Jacksonville to Washington, D. C., and return on August 16th at rate of $22.90. All tickets sold for this excursion will be good on trains scheduled to leave Jacksonville at 9:05 a. m., and 7:50 p. m., with final limit returning to August 31st, 1905.

The Seaboard has issued some very attractive advertising in the interest of this excursion.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

Worth While.

Whatever adds in even the smallest way to the world's brightness and cheer is worth while. One who says an encouraging word to a disheartened neighbor, gives a look of love to a lonely one or speaks a sentence which may become strength, guidance and comfort to another does something worth while. It is always worth while to live nobly, victoriously, struggling to do right, showing the world even the smallest fragments of divine beauty.

MORE ABOUT THE G. AND G. SALE

Stated That Stockholder in G. S. & F. Is in the Deal.

OWNS ONE-THIRD OF G. & G.

It is Believed That Construction Southward Will Begin at Early Day and Will Not be Completed Until Gulf Outlet is Reached at Tampa.

The Tampa Morning Tribune Tuesday wired The Sun as follows:

"The Tribune has reliable information that J. N. Tiller of Ocala, a partner of A. P. Stucky, is interested in the Georgia Southern and Florida Railroad, and also owns one-third of the stock of the Gainesville and Gulf."

This would tend to strengthen the rumor and the general belief which has been current upon the streets of Gainesville that the new owners of the Gainesville and Gulf propose to extend the road southward without delay, with Tampa as the proposed southern terminal. By this extension the road would not only traverse the richest and most fertile section of Florida, but would pass through many prosperous and growing towns and cities of South Florida, affording a new and much nearer and more convenient outlet for the public to the West. As the roads now run, there is only one gateway out of Florida from many of these points, and that is Jacksonville. The completion of the Gainesville and Gulf to Tampa would lessen the distance between Tampa and Macon nearly a hundred miles, which would mean a saving of from three to four hours between the points, to say nothing of the convenience. The road will also traverse a fine timber section, and would offer manufacturers of lumber and naval stores a new and prosperous field which heretofore has remained undeveloped for lack of transportation facilities.

The purchasers of the road are recognized as being among the leading and most conservative business men in the State, and that they will make marked improvement in the service at once there is no doubt. It is learned that the track already in operation will be strengthened, heavier iron will take the place of that now in use, heavier locomotives and more modern passenger coaches will be placed in commission, and in all the change will be a revelation.

The officers of the company under the new organization are S. F. Parrott of the Georgia Southern & Florida, president; A. P. Stuckey of Ocala, first vice-president; B. W. Blunt of Ocala, second vice-president; F. M. Simonton of Tampa, secretary; H. E. Taylor of Gainesville, treasurer; L. E. Barker of Gainesville, superintendent; W. S. Banks of Gainesville, auditor. It is understood that the other employes of the old organization will retain their respective positions.

The general offices of the company will remain in Gainesville indefinitely, which will be gratifying information to the public.

UNION CARPENTERS ARE STILL OUT

They Insist on Nine Hours' Work Before Returning to Duty.

THE CONTRACTORS' VIEWS

One Contractor Declares That Even Now Carpenters Make More Money Out of Jobs Than the Contractor. Another Gives Views of the Union.

Seven days have passed, and still there are no new developments in the carpenters' and joiners' strike. The mechanics are still determined to hold out for the nine-hour day, while the contractors have been resting easily, because of the fact that the weather has been exceptionally bad, and the workmen would have been compelled to have laid off anyway. The contractors seem to feel confident that the carpenters and joiners will become tired of loafing, for the fish are biting slowly at this time, and the hunting season is not on. The gardens are not growing, hence there is no cultivating to do, and the average carpenter is so industrious that he will not be content to "lay around" and do nothing. "These fellows talk about being poorly paid," said one contractor. "They are receiving all the salary we can afford to pay them, according to prevailing prices, and in fact, in the end, the carpenter is making more money out of a job than we are, and has no responsibility beyond the work he is expected to do."

Another contractor, who is disposed to be fair, declares that he has no objection to granting the concession of nine hours if the union men are willing to classify the workmen. "Why, there are all sorts of carpenters, just like there are all sorts of every other kind of mechanics," he declared. "The trouble is that when a carpenter joins the union he is received differently from any other class of mechanic; the inferior workman is taken in and harbored by the union on the same plane as a thoroughly competent man, and expects the same salary or the same benefits. There are all kinds of carpenters in the world, and the union has its share of the diversity. The union does not seem to regard efficiency, but will take any man who professes to be a mechanic and has a good enough eye to saw a board reasonably true.

"I do not object to employing union men—in fact I prefer to give them the preference," continued this contractor. "I am willing to grant the nine-hour day, but I do insist that the union classify its men and let them draw wages in proportion to their ability."

It is difficult to determine at this time just how this strike will end. A number of union carpenters are employed on jobs which have been working nine hours, but there are many others out, and they declare they will remain out until the concession of a nine-hour day is granted.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. She has done nothing wicked all day and her mother is satisfied that she is bringing her up right.

Editor Avery G. Powell of The Lake Butler Star has a unique way of tiding himself and paper through the dull summer months. He is a writer of popular songs and has put a number on the market this year. He says that composing pays better than newspaper work and that he is going to branch off into this work entirely in the near future. Among his latest compositions are: "The Return of the Flags," "I Won Her Heart With My Automobile" and "My Sweetheart From Mars." These songs are now being published in New York and we have no doubt but they will net Mr. Powell a neat little sum.

There is nothing in the line of summer goods for the ladies more becoming than white, and, besides being comfortable, they look sensible. It shows that the ladies have more independence of character than the men, for you will see them sweltering about in dark heavy apparel, warm enough for the coldest weather, while the ladies are comfortably attired in white and are in much better frame of mind during the summer heat than those of the sterner sex who go about in garments that draw the heat of the sun.

The fishermen of the interior of the state complain that the fresh water streams and lakes are being denuded of fish. The same thing may be said of the waters along the East Coast, where fish are slaughtered indiscriminately. If there is not something done to put a stop to the "dog catcher" recorded by a legion of sportsmen, the fine fishing we now have will soon be a thing of the past. No true sportsman will ever undertake to drain a lake or stream of fish, for the sake of having the local paper give him a "puff" on his "big catch."

VAGRANCY LAW.

The law passed by the last Legislature relating to vagrants, amending sections 2642 and 2643 of the revised statutes, certainly covers the ground pretty thoroughly. The amendment to section 2642 reads as follows:

"Section 2642. Commitment.—Rogues and vagabonds, idle and dissolute persons who go about begging, common gamblers, persons who use juggling or unlawful games or plays, common pipers and fiddlers, common drunkards, common night-walkers, thieves, pilferers, traders in stolen property, lewd, wanton and lascivious persons in speech or behavior, keepers of gambling places, common railers and brawlers, persons who neglect their calling or employment, and misspend what they earn, and do not provide for themselves or for the support of their families, persons wandering from place to place able to work and who are without means, and who neglect to earn their support and live by pilfering or begging, idle and disorderly persons including therein those who neglect all lawful business and habitually misspend their time by frequenting houses of ill fame, gaming houses or tippling shops, persons able to work but who are habitually idle and live upon the earnings of their wives or minor children, and all able-bodied male persons over 18 years of age who are without means of support, and whose parents or guardians are unable to support them, and who are not usually in attendance upon some school or educational establishment, but who live in habitual idleness, are declared to be vagrants, and upon conviction shall be subject to the penalty provided in section 2643."

Section 2643, as amended, reads as follows:

"Section 2643.—Arrest without written warrant.—Upon proper information made upon oath before an officer authorized to act in such cases, he shall issue his warrant for the arrest of any person therin named or described who is charged therein with being a vagrant under any of the provisions of the foregoing section, and such a warrant shall be executed by any sheriff, constable, policeman, or by a private person duly authorized thereto by the officer issuing such warrant. But any sheriff, constable, policeman, or other lawful officer may arrest any vagrant described in the foregoing section, without a warrant, in case the delay in procuring one would probably enable such alleged vagrant to escape arrest. Any person so arrested by virtue of a warrant or without a warrant, shall be given a speedy trial, and upon conviction shall be fined not exceeding two hundred and fifty dollars, or by imprisonment not more than six months."

This act was approved May 29th, 1905, and it certainly covers the ground pretty thoroughly.

EVAN P. HOWELL DEAD.

Captain Evan P. Howell, soldier, statesman and honest man, died at his home in Atlanta, Ga., Sunday, August 6th, in the 66th year of his age. Capt. Howell was born in Georgia in 1839, served gallantly through the Civil War and at its close settled in Atlanta, where he did as much as any man toward upbuilding that city.

In 1876 he bought a controlling interest in The Atlanta Constitution with William A. Hemphill and Henry W. Grady. During the intervening years until 1897 the paper was a great factor in the advancement of the South. Captain Howell served in the State Legislature, was mayor of Atlanta and filled many important positions, always with highest honor to himself and the people who reposed their confidence in him.

He was identified with every development of Georgia and notably with the first cotton exposition in 1882, which made such an impression on the people of the whole country as to the possibilities of the South. Although a Democrat, his abilities were recognized by both the Cleveland and McKinley administrations, and as a member of the building commission of the State capital at Atlanta he was instrumental in completing the structure within the original appropriation and turning back into the treasury a surplus.

His wife and seven children survive him and he has left an honest name to them that is the noblest heritage that can be bestowed from father to son.

MISTRIAL IS NOW LIKELY.

Jury on Sanford Case Has Been Out Seventy-Two Hours.

Rome, Ga., August 8.—After being out for seventy-two hours, it is believed the Sanford jury has found a unanimous verdict impossible.

The jury had an early breakfast after a good night's rest and sleep, and is still confined to the jury room.

The judge has not announced how long he intends holding the jury, but it is believed that he will declare a mistrial some time during the day if informed by the foreman that a verdict is impossible.

Interest continues, however, in the final outcome and crowds still remain in the vicinity of the court house.

Jury Asks for a Re-Charge.

At 11:30 o'clock the jury in the Sanford case asked to be re-charged on a point of law. They wanted to know the definition of the law in cases of voluntary manslaughter and when a man would be justifiable in killing another under the law. They were re-charged and a verdict is expected at almost any time.

A SYMBOL OF PEACE.

The Dove Has Had This Distinction In All Ages Since the Flood.

The dove has been pictured as the bird of peace by writers and artists in all the ages since the time of the flood, for the dove has figured in the symbolism of many races and of countless generations. According to the Century Dictionary, the dove is the bird of peace because of the incident recorded in the eighth chapter of Genesis: "And it came to pass at the end of forty days that Noah opened the window of the ark which he had made, and he sent forth a raven which went to and fro until the waters were dried up from off the earth. And he sent forth a dove from him to see if the waters were abated from off the face of the ground, but the dove found no rest for the sole of her foot, and she returned unto him in the ark. And he stayed yet another seven days, and again he sent forth the dove out of the ark, and the dove came to him in the evening, and, lo, in her mouth was an olive leaf plucked off; so Noah knew that the waters were abated from off the earth."

Proper names derived from the dove have always been used in the orient as descriptive of loveliness and were especially applied to beautiful women. The dove was woven into the pagan worship of ancient northern Europe, and it has a great place in early Christian life and symbolism. From immemorial time the dove has always been a type of innocence to the Jews. Elsewhere it has been associated since the Olympian age with the higher idea of Venus as the symbol of natural human affection—the love that goes with purity and simplicity of heart. It had a part in marriage scenes and was naturally introduced by early Christian painters into pictures of the Madonna and child and of female saints. These qualities of gentleness and affection combined with their mournful notes made doves equally appropriate to moods of sorrow, and they were a part of the furniture of most pagan funerals. This passed on into Christian usage and their likenesses, generally combined with the olive branch, were carved on the tombs in the catacombs beneath Rome and elsewhere, emblematic of eternal peace.

In the Sporting Magazine for 1825 this appeared: "Pigeons are rarely seen at the table of the Russians, who entertain a superstitious veneration for these birds because the Holy Ghost assumed the form of a dove." Commenting on this, a writer says, "This custom of the abstinence from the flesh of the dove is far older than Christianity, being indeed in all probability connected with the same class of feelings as those which marked it out as the Aryan death bird."

Sir Richard F. Burton remarks: "Ever since Noah's dove every religion seems to consider the pigeon as the sacred bird. For example, every mosque swarms with pigeons, and the same exist in most Italian market places. The Hindoo pundits and the old Assyrian empire also have them."

One Mystery Solved.

Boarding house habitues who have repeatedly complained of the dark, cheerless coloring of the wall paper in their rooms may find something to interest them in the information recently elicited by a curious clerk in a department store.

"I should like to know," said the clerk—"in fact, I have long wanted to know—why it is that you ladies who manage boarding houses always choose such dark paper."

"Well," said the prospective purchaser, "if that is the only thing you want to know you might just as well have got wise long ago. We like dark paper because with that on the walls the nails the boarders use to tack up their pictures don't leave such ghastly scars."—New York Press.

Expired.

The defendant, who was held on the charge of keeping a dog without a license, repeatedly tried to interrupt the evidence, but was hushed each time by the court. Finally the clerk turned to him.

"Do you wish the court to understand," he asked, "that you refuse to renew your dog license?"

"Yes, but"—

"We want no 'buts.' You must renew your license or be fined. You know it expired last month."

"Yes, but so did the dog."—Harper's Weekly.

Economy.

The following letter was received from his sister by a New Yorker who was away from home on a visit:

I am sending by mail a parcel containing the golf coat you wanted. As the brass buttons are heavy I have cut them off to save postage. Your loving sister,

J.

P. S.—You will find the buttons in the right hand pocket of the coat.

Would Leave It.

"I insist upon your leaving the house," she said angrily.

"Certainly," replied the tramp blandly. "I have no intention of taking it with me."

ALACHUA DIVISION

...OF...

THE MUTUAL LIFE INDUSTRIAL ASSOCIATION

OF GEORGIA.

If YOU Have Not a POLICY IN THIS COMPANY, WHY NOT?

It gives protection at actual cost. Local men manage it and prevent any possibility of fraud. It is insurance at actual cost and money kept at home. Its source and origin, purpose and end, is Mutual and Co-operative Help—one thousand persons banded together to INSURE each other AT COST.

For a policy in the ALACHUA DIVISION OF THE MUTUAL LIFE ASSOCIATION of Georgia. Average cost to Policy Holders last year, $5.49 on a $1,000 policy. Forty-seven Divisions now running. $24,800,000.00 Insurance in force—now writing more than three millions of dollars a month. Only one thousand members allowed in one division and policy limited to $1,000. Open to men and women. Initiation fee payable when application is made.

At ages from 16 to 30 Class A	$3 00
At ages from 30 to 40 Class B	4 00
At ages from 40 to 50 Class C	5 00
At ages from 50 to 60 Class D	6 00

These amounts are paid only one time. One year from the date of the policy, and annually thereafter.

The annual dues are Class A	$ 75
The annual dues are Class B	1 00
The annual dues are Class C	1 25
The annual dues are Class D	1 50

Whenever a death occurs in a division, each member is called upon to pay a death premium of $1.15. According to the sworn statement of the Company made to the Comptroller General January 1st, 1905, the average cost to the policy holders of Georgia last year to carry a $1,000 policy was $5.49.

Paid beneficiaries during the year 1904, $64,000.00.

$3,321,000.00 of business written in May, 1905.

Mortuary rate last year 3 1-10 per 1,000 policy holders—year before, 3 3-10 per 1,000 policy holders.

EXPERIENCE OF A POLICY-HOLDER IN THE CLARKE COUNTY DIVISION.

This division was organized four years ago; in the whole of that time there have only been fifteen deaths in that division, which is full and consists of a thousand members, an average of 3 3-4 deaths a year. These are facts.

Let us see what has been the actual cost of a thousand dollars insurance of a member of the Clarke county division who has been in it for the last four years, and who was between the ages of forty and fifty, Class C. His initiation fee was $5.00, 15 death assessments $1.15 each, $17.25. There has been three annual dues $1.25 each, total $22.25 for four years insurance, or an average of $5.83 to carry a thousand dollars insurance for a year, between the age of forty and fifty. A member who is under that age has paid a similar amount. In an old line or stock company, at the same age, would have cost these members $48.48 per annum. Is there any sense in paying $48.48 for the same thing that you get for $5.83 and just as good, and just as safe?

What One of Georgia's Greatest Men Has to Say About the "Mutual Life of Georgia."

ATHENS, GA., March 27, 1905.

MR. JOHN A. DARWIN, Secretary and Treasurer, Athens, Ga.

Dear Sir: After making a careful study of the plan of "The Mutual Life Industrial Association of Georgia," I have taken out a policy in it and consider it the most complete solution of life insurance I have ever seen.

I have insurance in old-line and assessment companies and I have decided that "The Mutual Life" is as safe and at the same time lower in cost than any of them.

Yours very truly, HOWELL COBB.

Received through Mr. L. A. House, Secretary and Treasurer, $1,000 from "The Mutual Life of Georgia," Home Office, Athens, Ga., as beneficiary under Policy No. 4313, in the Windsor Division. This had only cost my husband $9.90 for nearly two years. The money was paid me in 24 hours after his death. I beg all women in Georgia to insist on their husbands to take a policy in the Athens Company. (MRS.) EMMA J. BAKER.

NEW YORK BAKERS STRIKE.

Thousands of People Without Bread. Police Called to Preserve Order.

New York, August 8.—With thousands of Hebrews out of bread on the East Side, owing to a strike of "kosher" journeymen bakers, police reserves patrolled the district all night to preserve order. A great effort will be made today by the journeymen to bring about a real bread famine, in the hope that this will win the strike. The other strikers held a meeting last night and said that they were determined to remain out of employment until a ten-hour work day is granted. They say they are 1,800 strong, and that the bosses cannot go on without them. The bosses, however, say they will soon have enough non-union bakers if they can depend on the police protection.

The strikers last night appointed a committee to wait on acting Mayor Fornes today and demand police protection. They said the police on Saturday night had clubbed many of their number. The police say the strike is hard to handle, as the people sympathize with the strikers and assaults on non-union men are numerous.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne County, Mo., writes: "I have little twin girls who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two more than twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.
